Subject: Water Main Break in Tega Cay

Dear Governor Haley,

As you can see in these attached pictures our lives in Tega Cay have been disrupted again by UI/Tega Cay Water Service.

We have had a large water main break on Tega Cay Drive and Glen Cove.

I have been without water for hours and now when it is back on we will have to boil our water until they (TCWS/UI) tell us it's ok to drink it without boiling it.

I am really happy I received this call because usually you get the call saying you can drink the water now but NO call saying you should have boiled the water in the first place.

Please Governor Haley, we NEED your help everyone else is saying their hands are tied and they cannot do anything for us Can your lawyers look into the fact that we have NO WATER or NO SEWER Service and if there is a fire they have NO way to put a fire out !

There has got to be a way to get them out of here and let our City take over so we can feel save in our homes.

This company is the worst of the worst when it comes to taking care of their property and we the customers are the ones who are suffering for it.

Please this can't go on someone is going to be hurt or worse from their negligence.

Please help us we are in need of feeling safe in our homes and some peace in our lives,

Jolene Church
